3. Eligibility and Technical Qualification

3.1 The bidder shall be enrolled/registered on the West Bengal e-Procurement Portal and shall possess a valid Digital Signature Certificate (DSC) suitable for online submission.

3.2 The bidder shall possess a valid Electrical Contractor's Licence of the appropriate class/category issued by the competent licensing authority. The electrical supervisor/personnel deployed shall hold valid supervisory competency certificates appropriate to the work and shall be duly engaged/endorsed as required by applicable rules.

3.3 Similar-work credential: the bidder shall satisfy one of the following criteria, subject to the applicable Government procurement rules and the final approval of the Tender Committee:

(a) Successfully completed one similar nature of work with executed value not less than 40% of the estimated tender value during the five years preceding the date of the NIT; or

(b) Successfully completed two similar nature of works, each with executed value not less than 30% of the estimated tender value during the five years preceding the date of the NIT; or

(c) Submitted a certificate for one similar running work completed to the extent of at least 80% of the tender value, with satisfactory progress and no penal action initiated, where this option is permitted by the applicable rules.

3.4 Credential certificates shall be issued by an Executive Engineer/Assistant Engineer or other competent authority of a Government Department, Government undertaking, statutory/autonomous body or local body, as permitted by the applicable rules. The certificate shall state the nature of work, contract/tender value, commencement date, completion date and final executed value. For running work, it shall state the up-to-date executed value, satisfactory progress and whether any penal action has been initiated.

3.5 The bidder shall upload valid Trade Licence/enlistment, GST registration, PAN, up-to-date Professional Tax clearance or acceptable challan evidence, Income Tax Return acknowledgements for the last three financial years, and audited financial statements for the last three financial years as applicable.

3.6 EPF/ESI registration and compliance documents shall be submitted where applicable to the bidder and the manpower deployed, in accordance with law.

3.7 Partnership firms shall upload the partnership deed. A person signing the bid on behalf of another person/entity shall upload a valid authorization/power of attorney.

3.8 The bidder shall submit a declaration regarding authenticity of documents and disclose any current/recent debarment, blacklisting, suspension, contract rescission or penalty imposed by a Government/Semi-Government/Local Body/PSU/Autonomous Body.

3.9 Joint ventures/consortiums shall not be permitted unless expressly allowed by a corrigendum issued by the competent authority.

3.10 The Tender Inviting Authority may verify any credential, registration, declaration or document. False or forged documents may lead to rejection, forfeiture of EMD/security, termination and further action under applicable law.

4. Documents to be Uploaded

4.1 Technical / statutory cover

- Signed NIT and all addenda/corrigenda, if any.
- Prescribed tender form and bidder's declaration.
- EMD payment proof in the prescribed online mode, or valid exemption document only where an exemption is legally admissible and expressly permitted for this tender.
- Valid Electrical Contractor's Licence.
- Valid electrical supervisor competency certificate(s) and appointment/engagement documents, as applicable.
- Similar-work completion/credential certificate(s) meeting the qualification criteria.
- Power of attorney/authorization, where applicable.
- Declaration regarding correctness and genuineness of uploaded documents and disclosure of debarment/penalty history.

4.2 Non-statutory / supporting cover

- Trade Licence/enlistment certificate.
- GST registration certificate and other GST documents as required by the portal.
- PAN card and ITR acknowledgements for the last three financial years.
- Audited balance sheets and profit-and-loss statements for the last three financial years, as applicable.
- Professional Tax clearance certificate or accepted challan evidence.
- EPF/ESI registration and recent compliance/payment proof, where applicable.
- Bank solvency/financial capacity certificate, only if prescribed in the final approved NIT.
- List of tools, plant, equipment, manpower and arrangements proposed for execution.
- Public liability/contractor's insurance documents before commencement, where prescribed by the contract or applicable law.

4.3 Financial cover

The Financial Bid shall be submitted only in the BOQ/format made available in the e-procurement portal. The bidder shall quote the rate in the prescribed manner. The Technical Bid shall not contain any price/rate information. A conditional or incomplete bid is liable to rejection.

5. Submission, Opening and Evaluation

5.1 Bids shall be submitted online within the date and time notified in the abridged e-NIT and on the e-procurement portal. The bidder is responsible for successful upload, digital signing and submission before the deadline.

5.2 The Technical Bid shall be opened electronically by the Tender Opening Authority or its authorized representative using a valid DSC. Statutory documents shall be checked first. A bid failing mandatory eligibility/document requirements may be rejected.

5.3 Financial Bids of only those bidders declared technically qualified shall be opened electronically on the date/time notified through the portal.

5.4 The Tender Accepting Authority may seek clarification or rate analysis where permissible under applicable rules. No clarification shall be used to permit material alteration of a bid.

5.5 The lowest valid responsive offer may normally be considered, but the authority reserves the right to accept or reject any or all bids in accordance with applicable rules, recording reasons where required.

6. Earnest Money, Security Deposit and Additional Performance Security

6.1 EMD amount, deposit mode and any admissible exemption shall be specified in the final published NIT in accordance with prevailing Government orders and the e-procurement portal. No bid shall be treated as responsive unless the prescribed EMD requirement is met.

6.2 The successful bidder shall furnish security deposit/performance security at the rate and in the manner prescribed by the applicable Government order, standard tender form and final NIT. Any recovery from bills shall be made only as provided under the governing rules/contract.

6.3 If the accepted bid value attracts additional performance security under the applicable West Bengal Government orders, the successful bidder shall furnish such security in the prescribed form and within the prescribed time before issue of the work order. Failure may result in action as per the applicable rules.

6.4 No interest shall be payable on EMD/security deposit unless otherwise provided by the applicable rules.

7. Execution, Inspection and Electrical Safety

• The contractor shall execute the work under the supervision and instructions of the EIC and shall not alter the approved layout, design, structure, load or location without written permission.

• All electrical installations shall comply with applicable electricity laws, safety rules, standards and directions of the competent electrical authority. Required inspection, test reports and clearances shall be obtained before energizing, wherever applicable.

• Proper earthing shall be provided for generators, distribution boards, metal structures and other equipment. Suitable ELCB/RCCB protection, correctly rated circuit breakers, weatherproof distribution boxes and adequate cable protection shall be used as appropriate to the installation and applicable standards.

• Main cables shall be of suitable capacity and properly protected. Unsafe joints, exposed conductors, open twisting of wires and makeshift connections are prohibited. Any jointing arrangement, if technically unavoidable, shall be made only by an approved safe method and with prior approval of the EIC; no unsafe joint shall be permitted.

• Temporary gates, motifs, boards, scaffolds and supports shall be stable and securely anchored. Structural stability certification by a competent/registered structural engineer shall be furnished where required by the EIC or applicable rules. Installations shall be secured against wind, rain, vibration and public contact.

• Fire extinguishers, clearly identifiable isolation switches, barricading and warning signage shall be provided where required. Fire-retardant treatment and certification shall be provided for combustible temporary materials where directed by the competent authority.

• The contractor shall maintain adequate standby manpower, spares and equipment so that failed lamps, LEDs, circuits or generators can be restored promptly throughout the festival period.

• The contractor shall take all precautions to protect pedestrians, traffic, nearby buildings, public utilities and existing infrastructure. Necessary permissions for working over/along roads and public spaces shall be obtained where applicable.

8. Readiness, Maintenance and Penalty

8.1 All installations shall be ready for inspection and trial operation by the readiness date mentioned in the work order. The contractor shall attend inspection/testing and rectify defects immediately.

8.2 Delay in readiness, non-operation of any approved illumination zone, repeated failure, inadequate maintenance or failure to attend emergency breakdowns may attract deductions/penalties as specified in the approved contract and applicable rules. The final NIT/work order shall state the precise rate, cap and method of calculation; no penalty rate is fixed by this draft.

8.3 The EIC shall record outages, defects, delayed restoration and other non-compliance. Deductions, if any, shall be based on recorded facts and the contract conditions.

8.4 The contractor shall be responsible for damage, injury or loss caused by its negligence, defective installation or breach of safety requirements, subject to applicable law and contract. Required insurance shall be maintained for the work period.

8.5 The contractor shall remove installations and debris and restore the site as directed by the EIC. Any damage to public property attributable to the contractor shall be rectified at its cost, subject to contract and law.

9. Taxes, Duties and Rates

The quoted rate shall include all costs necessary for complete execution, including materials/equipment hire, labour, transport, installation, wiring, maintenance, dismantling, tools, insurance, testing, statutory fees and applicable taxes/duties, unless the final BOQ expressly provides otherwise. Statutory deductions shall be made from bills as required by the law and prevailing Government orders.

10. Withdrawal, Validity and Debarment

10.1 The bid shall remain valid for 120 days from the date of opening, unless a different period is specified in the final NIT.

10.2 Withdrawal or refusal by the selected bidder to execute the work may lead to forfeiture of EMD and other action only in accordance with applicable Government orders and the tender conditions.

10.3 Suspension/debarment, if any, shall be dealt with in accordance with the applicable West Bengal Government orders and due process.

10.4 False declarations, forged credentials or material misrepresentation may result in rejection, forfeiture of security, termination and referral to the competent authority for action under applicable law.

11. Dispute Resolution and Disclaimer

Disputes shall be dealt with under the dispute-resolution provisions of the contract and applicable law. Jurisdiction shall lie with the competent courts having jurisdiction over the matter.

All expenses relating to preparation and submission of the bid shall be borne by the bidder. The Corporation reserves its rights under applicable procurement rules and the final tender conditions, including the right to cancel the tender for recorded reasons where required by law.

12. Draft Declaration by Bidder

I/We hereby declare that I/we have read and understood the e-NIT, specifications, estimate, safety requirements and all applicable conditions. The information and documents submitted with the bid are true and genuine. I/We have disclosed any debarment, suspension, penalty or contract termination applicable to the firm. I/We agree to execute the work in accordance with the accepted bid, approved estimate, work order and applicable law.
